EDUCATION

RV Institute of Technology & Management

Bengaluru, Karnataka

BE in Computer Science & Engineering

2029

SGPA : 9.6 (1st sem)

TECHNICAL SKILLS

Programming languages : C, C++, Python, Java, JavaScript, TypeScript

Frontend : React.js, Next.js, HTML5, CSS3, Tailwind CSS, Framer

Backend : Node.js, Express.js, Django

Databases: MongoDB, MySQL, SQLite, Supabase

Developer Tools & Platforms : Git, GitHub, Vercel, Render, Postman, Figma

PROJECTS

Portfolio Website

MERN Stack | MongoDB | Framer

Developed a responsive full-stack portfolio website showcasing projects, skills, achievements, and experience, featuring smooth Framer Motion animations, a personal blog subsite, and a recent activity section within a scalable architecture.

OASIS – OSS Contribution Evaluator

TypeScript | Next.js | PyTorch

Oasis is an AI-powered open-source contribution ecosystem that intelligently circulates repositories, matches developers with relevant projects, and enforces meaningful contributions through automated PR evaluation.

Crux - Video Summarizer

Python | Streamlit

Developed an AI-powered application that fetches YouTube videos, generates transcripts, and transforms them into concise summaries, bullet points, or custom question-answer sets, with support for downloadable PDF study notes.

Stride – Repository Optimizer

Java | Springboot

Developed a repository analysis tool that detects code bloat and identifies inefficiencies by evaluating predefined software quality metrics.

EXTRACURRICULARS

- Actively participated in hackathons, startup events, and entrepreneurship programmes.
- Built Arduino-based robotics projects, including line-following and battle robots.
- Demonstrated leadership and communication through MUNs, debates, public speaking, School Fest hosting, and serving as MUN Chairperson.
